RESPONSE TO SUPPLEMENTAL AMENDMENT

1. The supplemental amendment dated 4/5/99 has crossed in the mail with the final rejection of 4/13/99. Nevertheless, while the amendment has been entered, no change is deemed necessary to the rejection. Only those claims having a clear basis in disclosure (specification and drawings) as being part of the embodiment of figure 364. The majority of claims are directed to features not seen in figure 364, but appear to be, at best, theoretical modifications of the elected specie.

Inquiries concerning the examiner's action should be directed to Noah Kamen at (703) 308-1945. The supervisory examiner, Henry Yuen, can be called at 308-1946. Fax is 308-7764. Questions of a general nature concerning the application should be directed to the group receptionist at 308-0861.
